

This baby feeding spoon is made of high-quality PP material, free of BPA, PVC, latex, latex, metal, phthalates, non-toxic, and rust-free. You don't have to worry about your baby putting choking-sized food in your mouth.

This baby feeding spoon combines the functions of a pacifier and a teething toy. The large food storage bag can store fruits, vegetables, breast milk, or puree. Very suitable for teething babies. These spoons not only massage and stimulate the gums but are also very ideal for helping the front, middle and back teeth erupt.

This baby feeding spoon comes with a protective cap. This protective cap can keep the silicone tip clean and hygienic. These bottles can stand upright on their own, freeing your hands to deal with accidents.

These spoons are very easy to clean. Just scrub gently under warm soapy water to wash away the rest of your baby's food. They can quickly be taken anywhere.
